<i>Remarks</i>	Replaces ITRF94. Replaced by ITRF97. This is a purely Cartesian reference frame with no ellipsoid defined. GRS80 is the ellipsoid recommended by the IAG and IERS.	
<i>Anchor definition</i>	Realisation of the IERS Terrestrial Reference System (ITRS) at reference epoch 1997.0. The origin, scale, orientation and its time evolution is achieved such that ITRF96 is in the same system as the ITRF94. Datum defined by a set of 3 dimensional Cartesian station coordinates and velocities given by the citations.
