Remarks Replaces ITRF96. Replaced by ITRF2000. This is a purely Cartesian

reference frame with no ellipsoid defined. GRS80 is the ellipsoid

recommended by the IAG and IERS.

Anchor definition Realisation of the IERS Terrestrial Reference System (ITRS) at

reference epoch 1997.0. The origin, scale, orientation and its time evolution is achieved such that ITRF97 is in the same system as the ITRF96. Datum defined by a set of 3 dimensional Cartesian station

coordinates and velocities given by the citations.
